

Who am I looking for?

Parents, who have fled to Germany (from 2015 till now) and whose children attend the 4th form.

What is it about?

The transition from primary school to secondary school is an exciting event. It brings many changes for both parents and children. Parents gain different experience during this time.

What is being researched?

I want to understand the perspective of parents in the transition and how they overcome this process. The research results will help primary school teachers to support parents during the transition better.

What is planned?

1. Conversation (from now on)
 2. Conversation (in August/ September 2023)
- We will keep in touch about the transition between the two conversations.

Are you in?

I look forward to getting to know you! Feel free to contact me anytime.

*Do you know refugee parents with a child in the 4th form?
Please pass on this flyer to them. Thank you!*
